

I am going to watch
a Bubble Show

We will arrive at
the building where
the show will be

We will take a seat
in the theatre and
sit still. My friends
and family will be
with me.

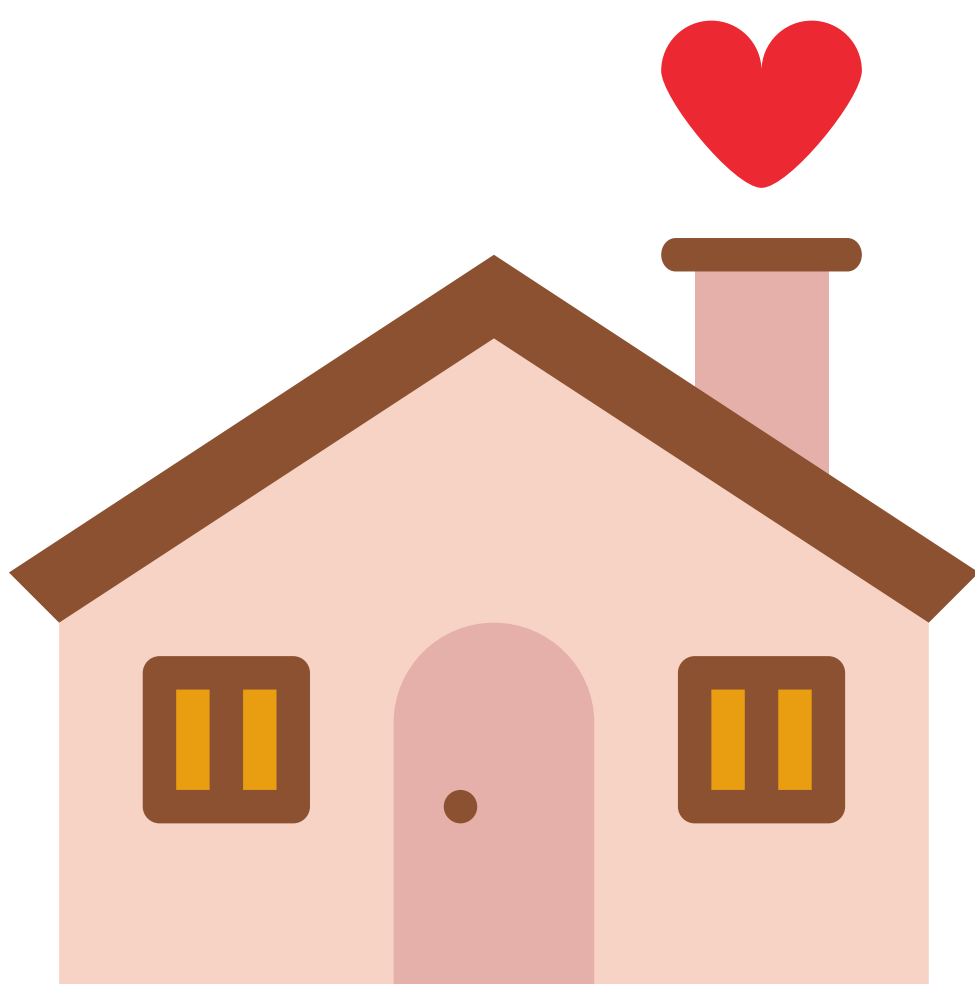

I will expect louder
music than normal
and children may
be noisy in the
audience.

I will see bright stage lights that will come on and off in the show.

I will see Special Effects but I don't need to worry as the bubble artist is trained.

I will see lots of different bubbles. It will be a lot of fun.

When the show finishes I will travel back home
